Subject: Donn, Cyndi: info for community involvement, please share, thanks.

Hi Donn, Cyndi:

The EPA Web Group is in the process of developing a community information website specific to the San Jacinto River Waste Pits Superfund Site. It will be similar to:
<http://www.epa.gov/region1/superfund/sites/beede/>

The schedule for this to go live on the EPA server for the public is currently Feb 23 (the date of the next H-GAC meeting where it will be announced and demonstrated). Any comments..

Thanks,
